留宿之間・貓寓 Café & Stay

貓不只是短暫被觀看，而是真正被安置、被照顧的日常居所

設計理念Design concept

本空間以「共處而不打擾」為核心，將貓咖啡廳與貓咪住宿機能整合於同一平面。透過中央吧檯與牆體分區，明確劃分人流、服務與貓生活動線，使互動停留於可選擇的距離。住宿區提供貓咪穩定、低刺激的生活環境，而咖啡空間則成為陪伴與觀察的場所，形塑一處尊重貓行為節奏的人貓共融空間。

SDGs

TARGET 12.2

使用環保的建築材料

Use environmentally friendly building materials

TARGET 15.5

給予貓咪長期住宿的地方

A place for cats to stay long-term

TARGET 11.3

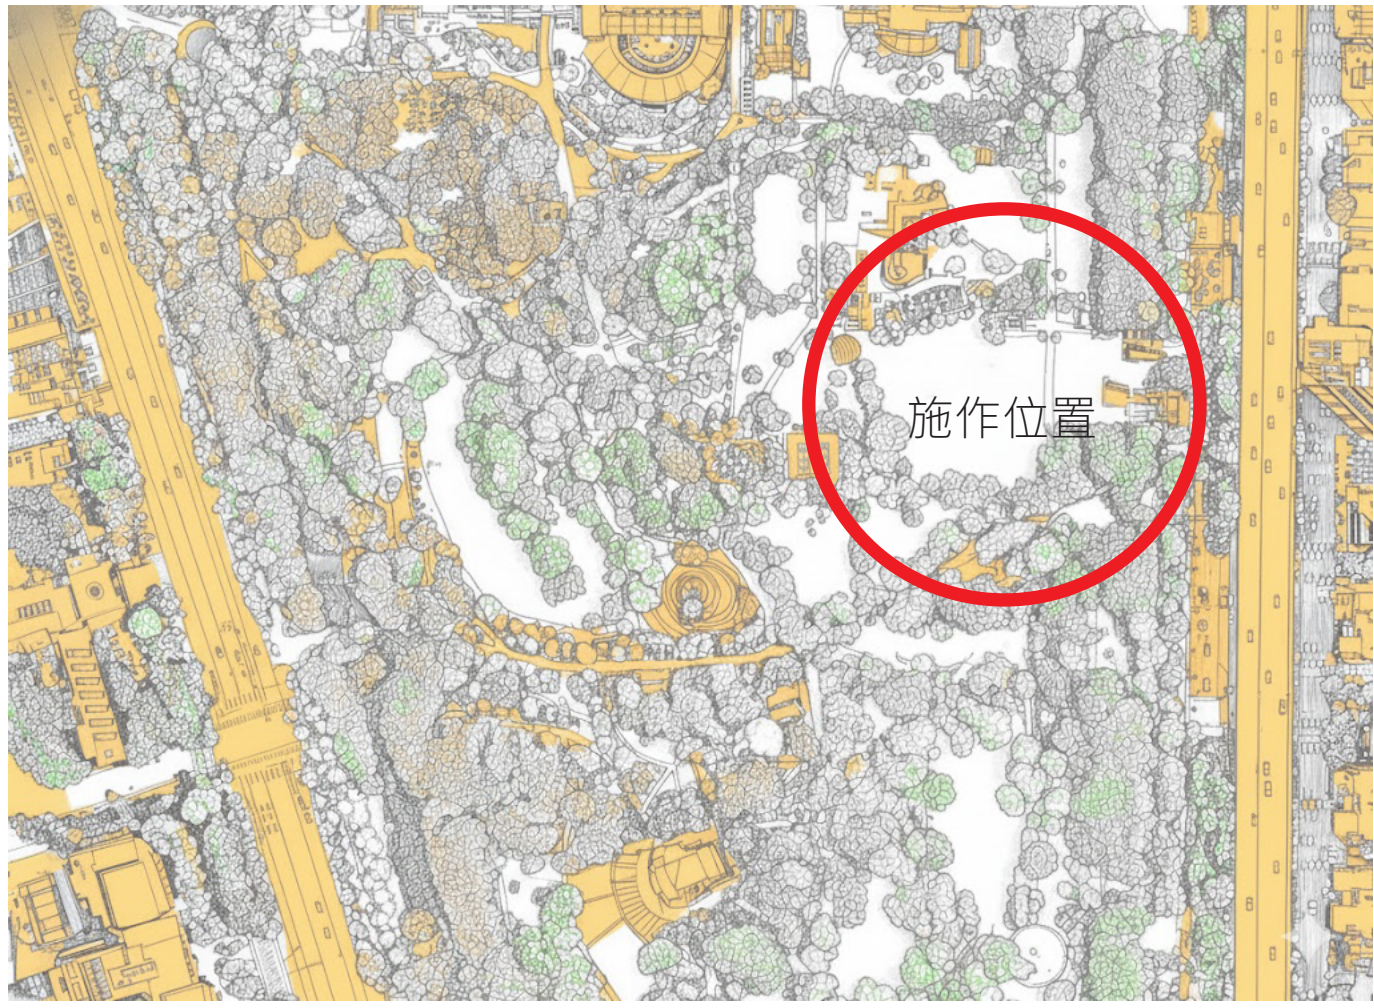

提高融合的、包容的以及可永續發展的都市化與容積

Enhance integrated, inclusive, and sustainable urbanization and volume.

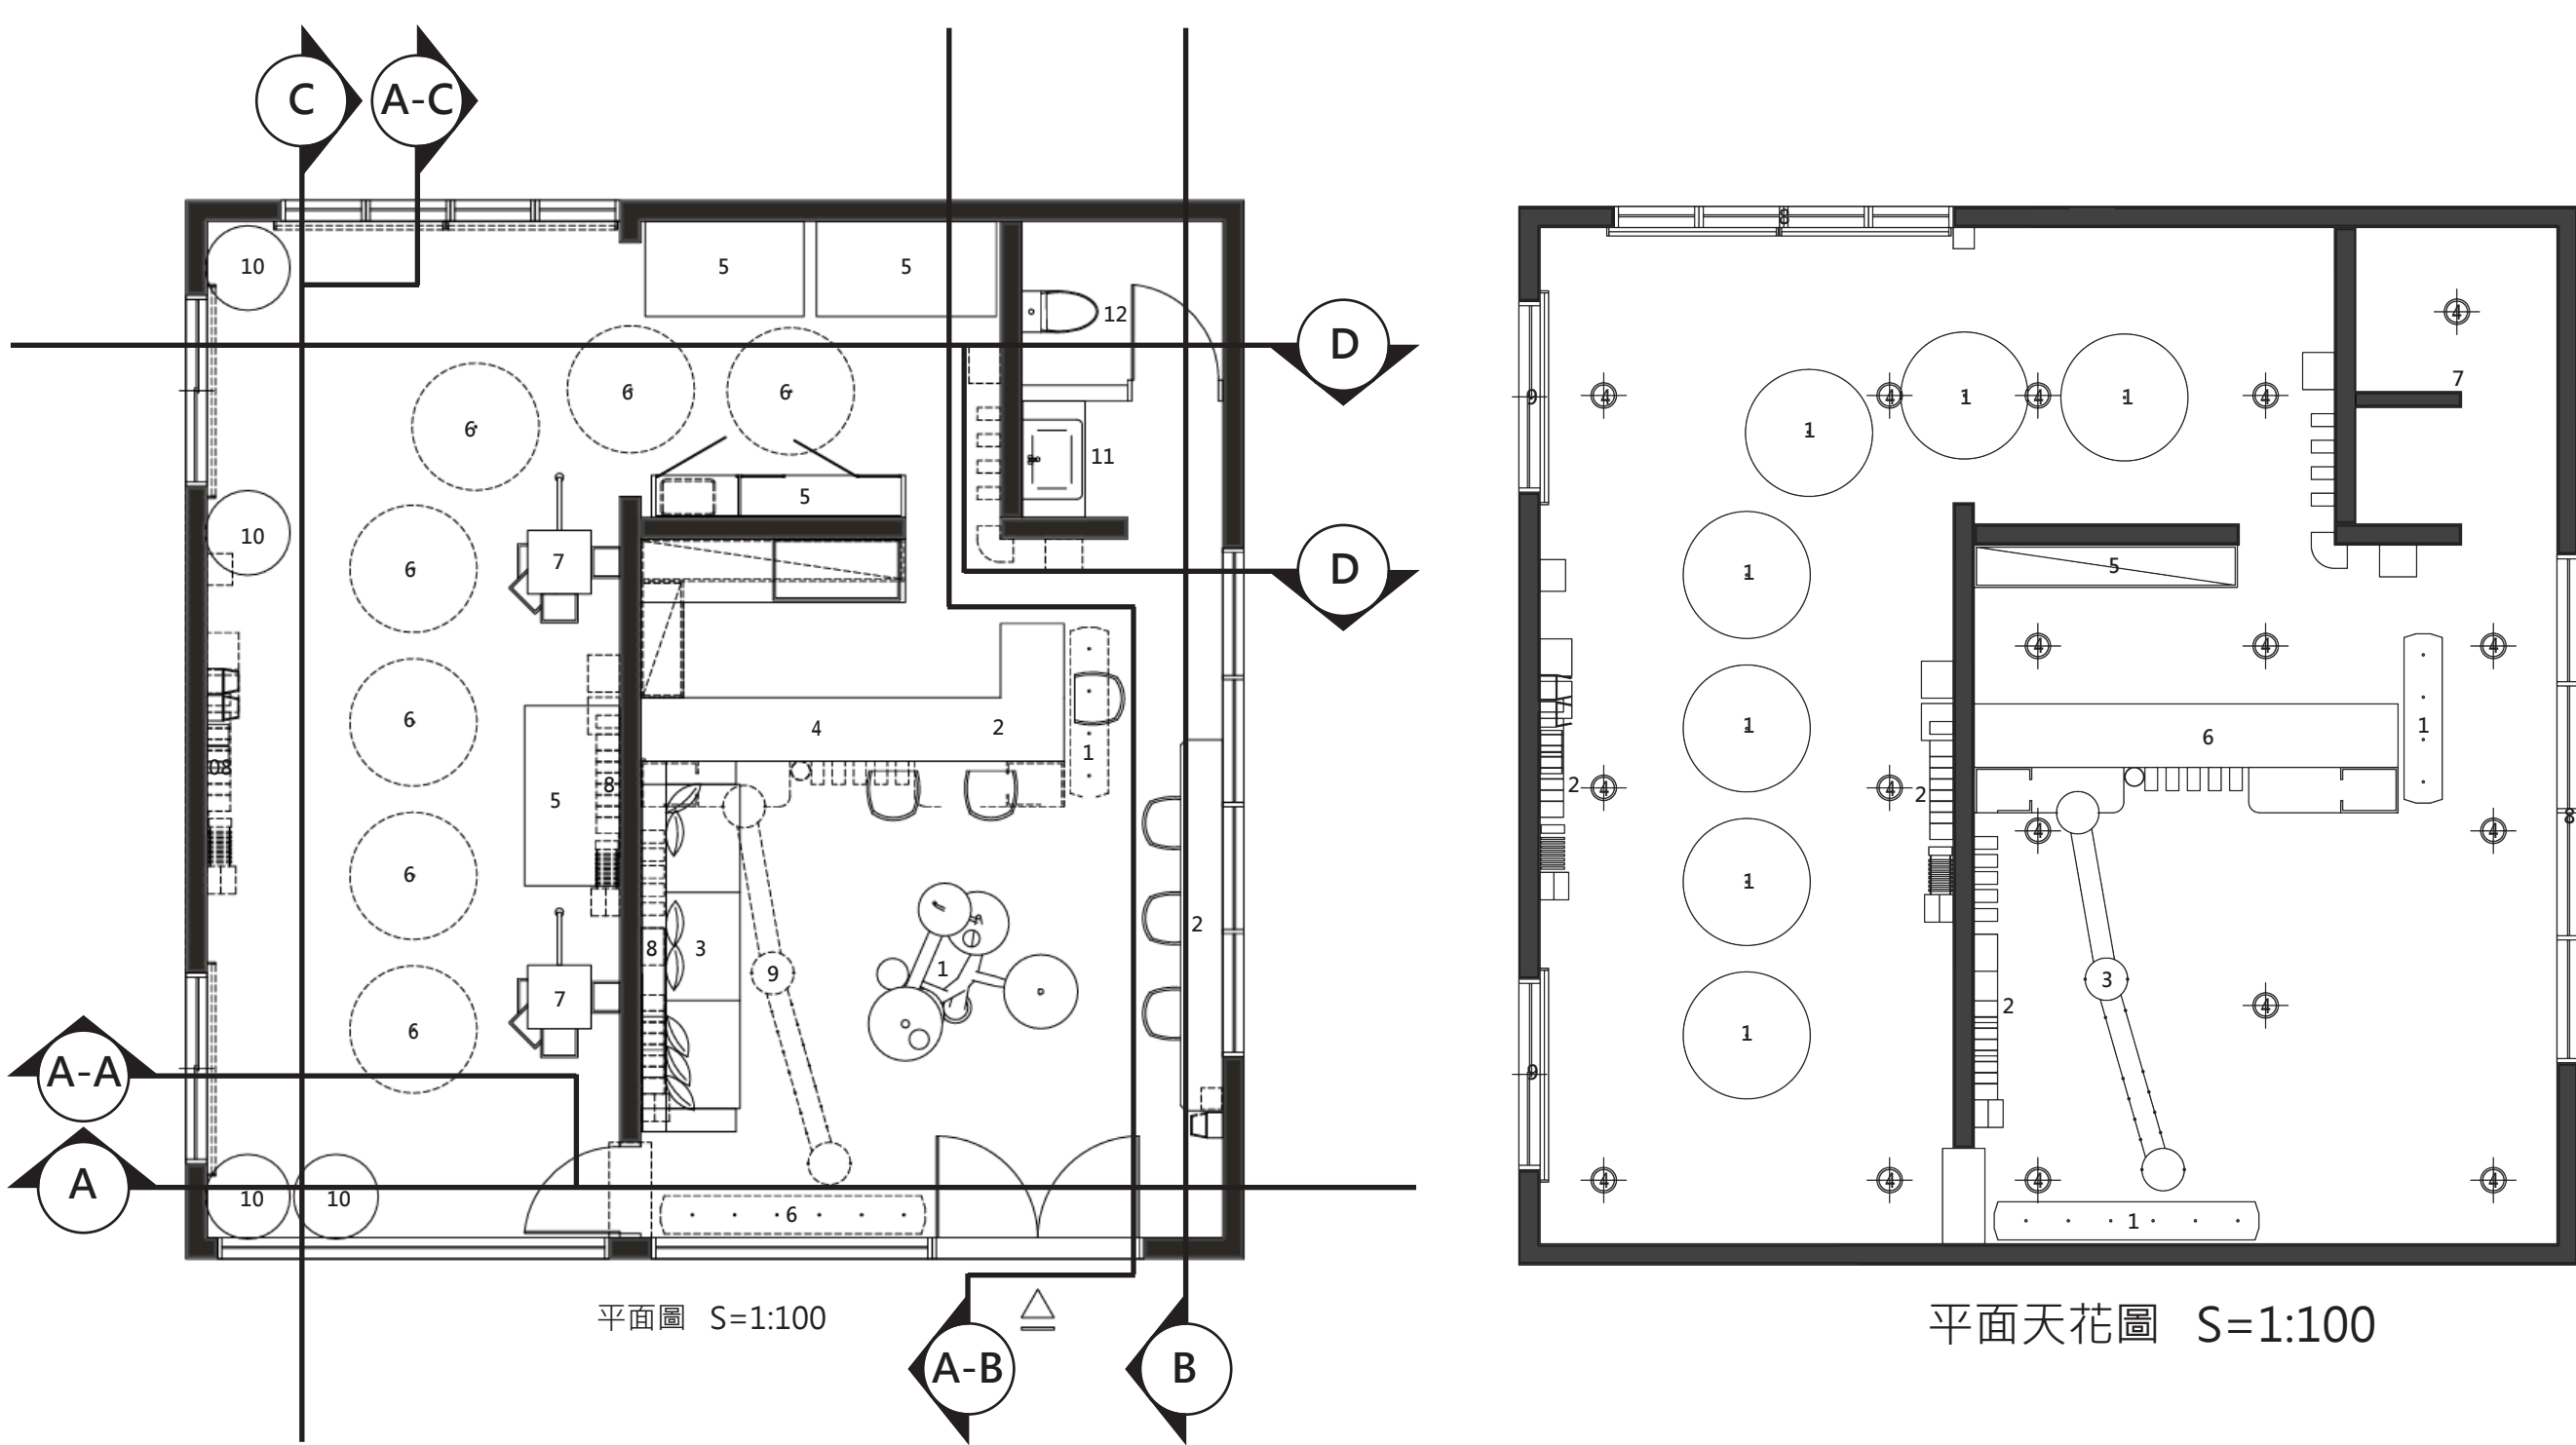

基地分析Base analysis

基地位於台北市大安區的市中心，具有大尺度綠地環境，公園內植栽豐富，設有步道、生態池、草坪與親子活動空間，吸引大量居民、遊客與寵物飼，周邊街區以成熟住宅區為主，生活機能完善，鄰近交通便利。

地點:大安森林公園

演化過程Evolution process

透過貓咪喜歡待在高處的習性，貓雲台不僅提供了貓咪環境，並與吊燈結合提供地面照明，還與此建築內的貓平台、貓跳台、貓牆、貓樹、貓吊橋連結出一條循環於本建築室內的貓咪動線

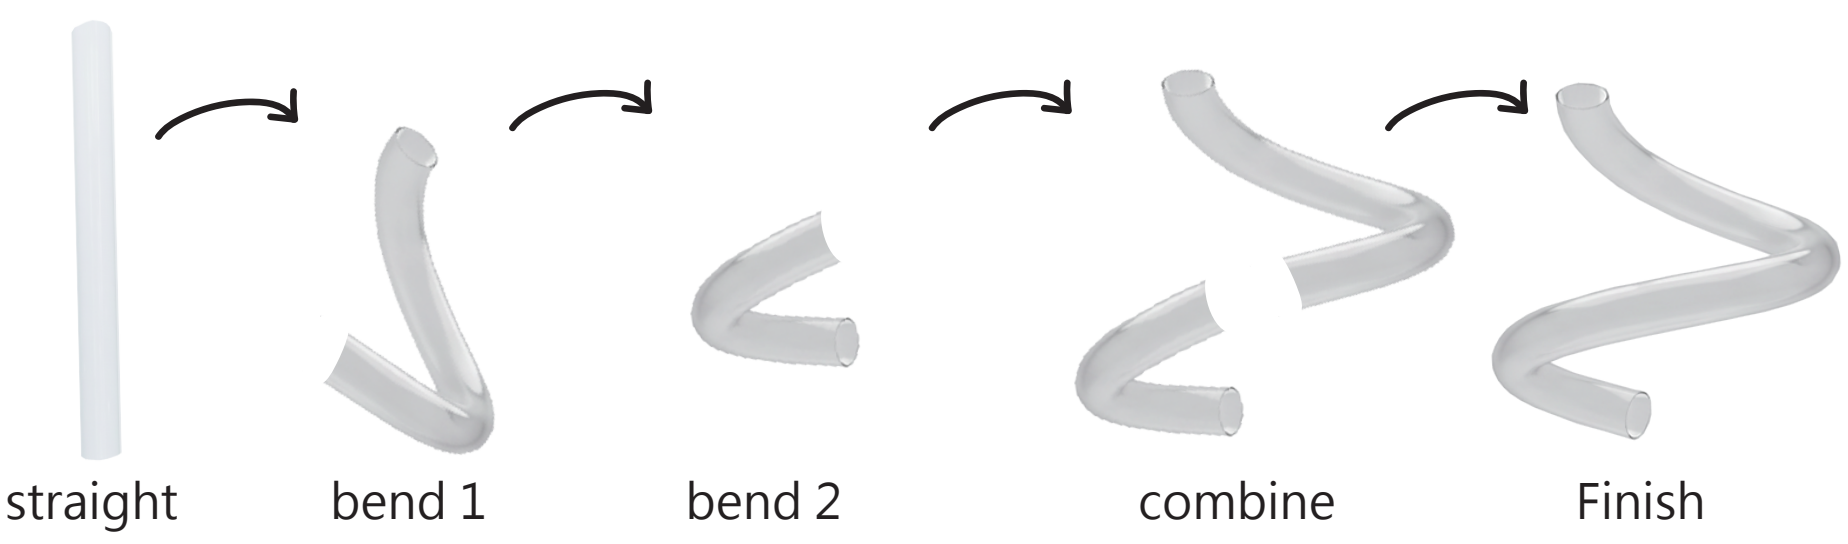

動線規劃Movement route planning

貓咪3D動線

貓樹演化過程

貓樹模擬真實樹木與貓平台做結合提供了貓咪跑、跳、休息活動的區域

透明貓管演化過程

可以觀察貓咪柔軟的特性通過此通道滑落至吧台上的特殊設計

Taiwan Good Design Award

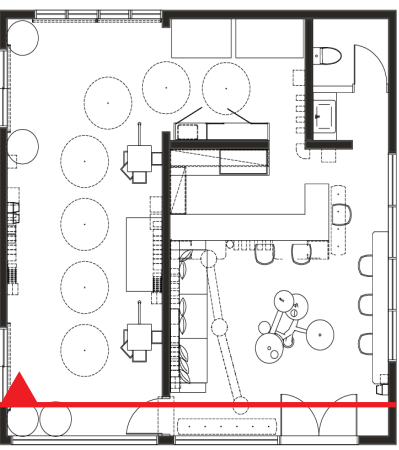

留宿之間・貓寓 Café & Stay

貓不只是短暫被觀看，而是真正被安置、被照顧的日常居所

剖面圖Sectional view

The left side features an active climbing area, divided in the middle by a transparent partition, while the right side is a rest area combining a tree-like cat house and bar seating. The overall design emphasizes the coexistence of humans and cats, allowing owners to enjoy coffee or work while keeping an eye on their feline companions.

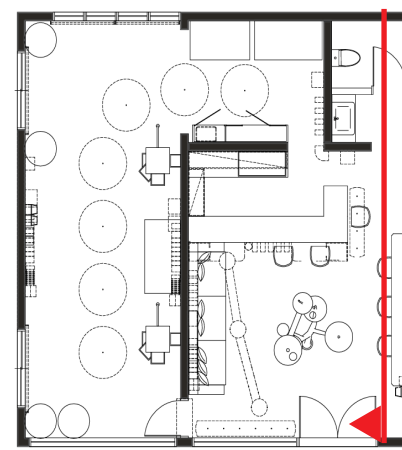

左側為活躍的攀爬區，中間以透明隔間劃分，右側則是結合了樹狀貓屋與吧檯座椅的休憩區。整體設計強調人貓共處，讓飼主在享受咖啡或辦公的同時，也能隨時觀察貓咪的動態。

剖面A

The spectacular, large tree-like structure becomes the visual focal point, and the walkway extending to the ceiling further enhances the sense of space. To the right, handwashing stations and restrooms are planned, reflecting the design's meticulous consideration of ease of cleaning and seamless workflow.

壯觀的大型樹狀構造成為視覺焦點，延伸至天花板的步道讓空間感更加立體。右側則規劃了洗手台與衛生空間，反映出設計對於清潔便利性與生活流暢度的細膩考量。

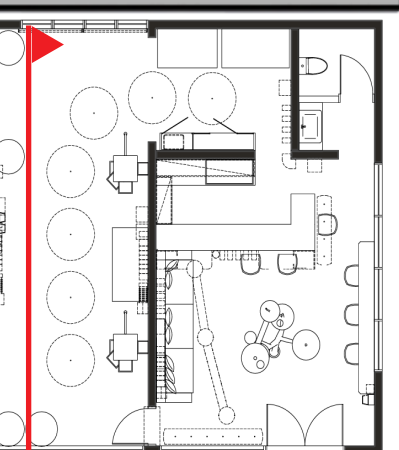

剖面B

貓樹：模仿真實老樹的生長軌跡，供貓攀爬和互動

Neatly arranged round ceiling lights provide even lighting for the room, while the walls are decorated with multiple cat-head-shaped private booths and cat trees. The central floor-to-ceiling cabinet serves as both storage space and a play area for the cats, perfectly showcasing a fusion of functional aesthetics and playfulness.

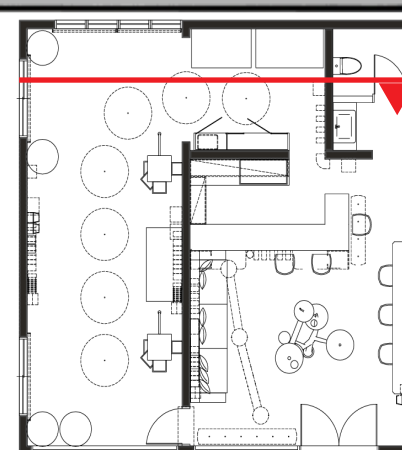

整齊排列的圓形吸頂燈為室內提供均勻光源，牆面配置了多個貓頭造型的隱私包廂與貓爬架。中央的落地櫃體既是收納空間，也是貓咪玩耍的動線之一，充分展示了機能美學與趣味性的結合。

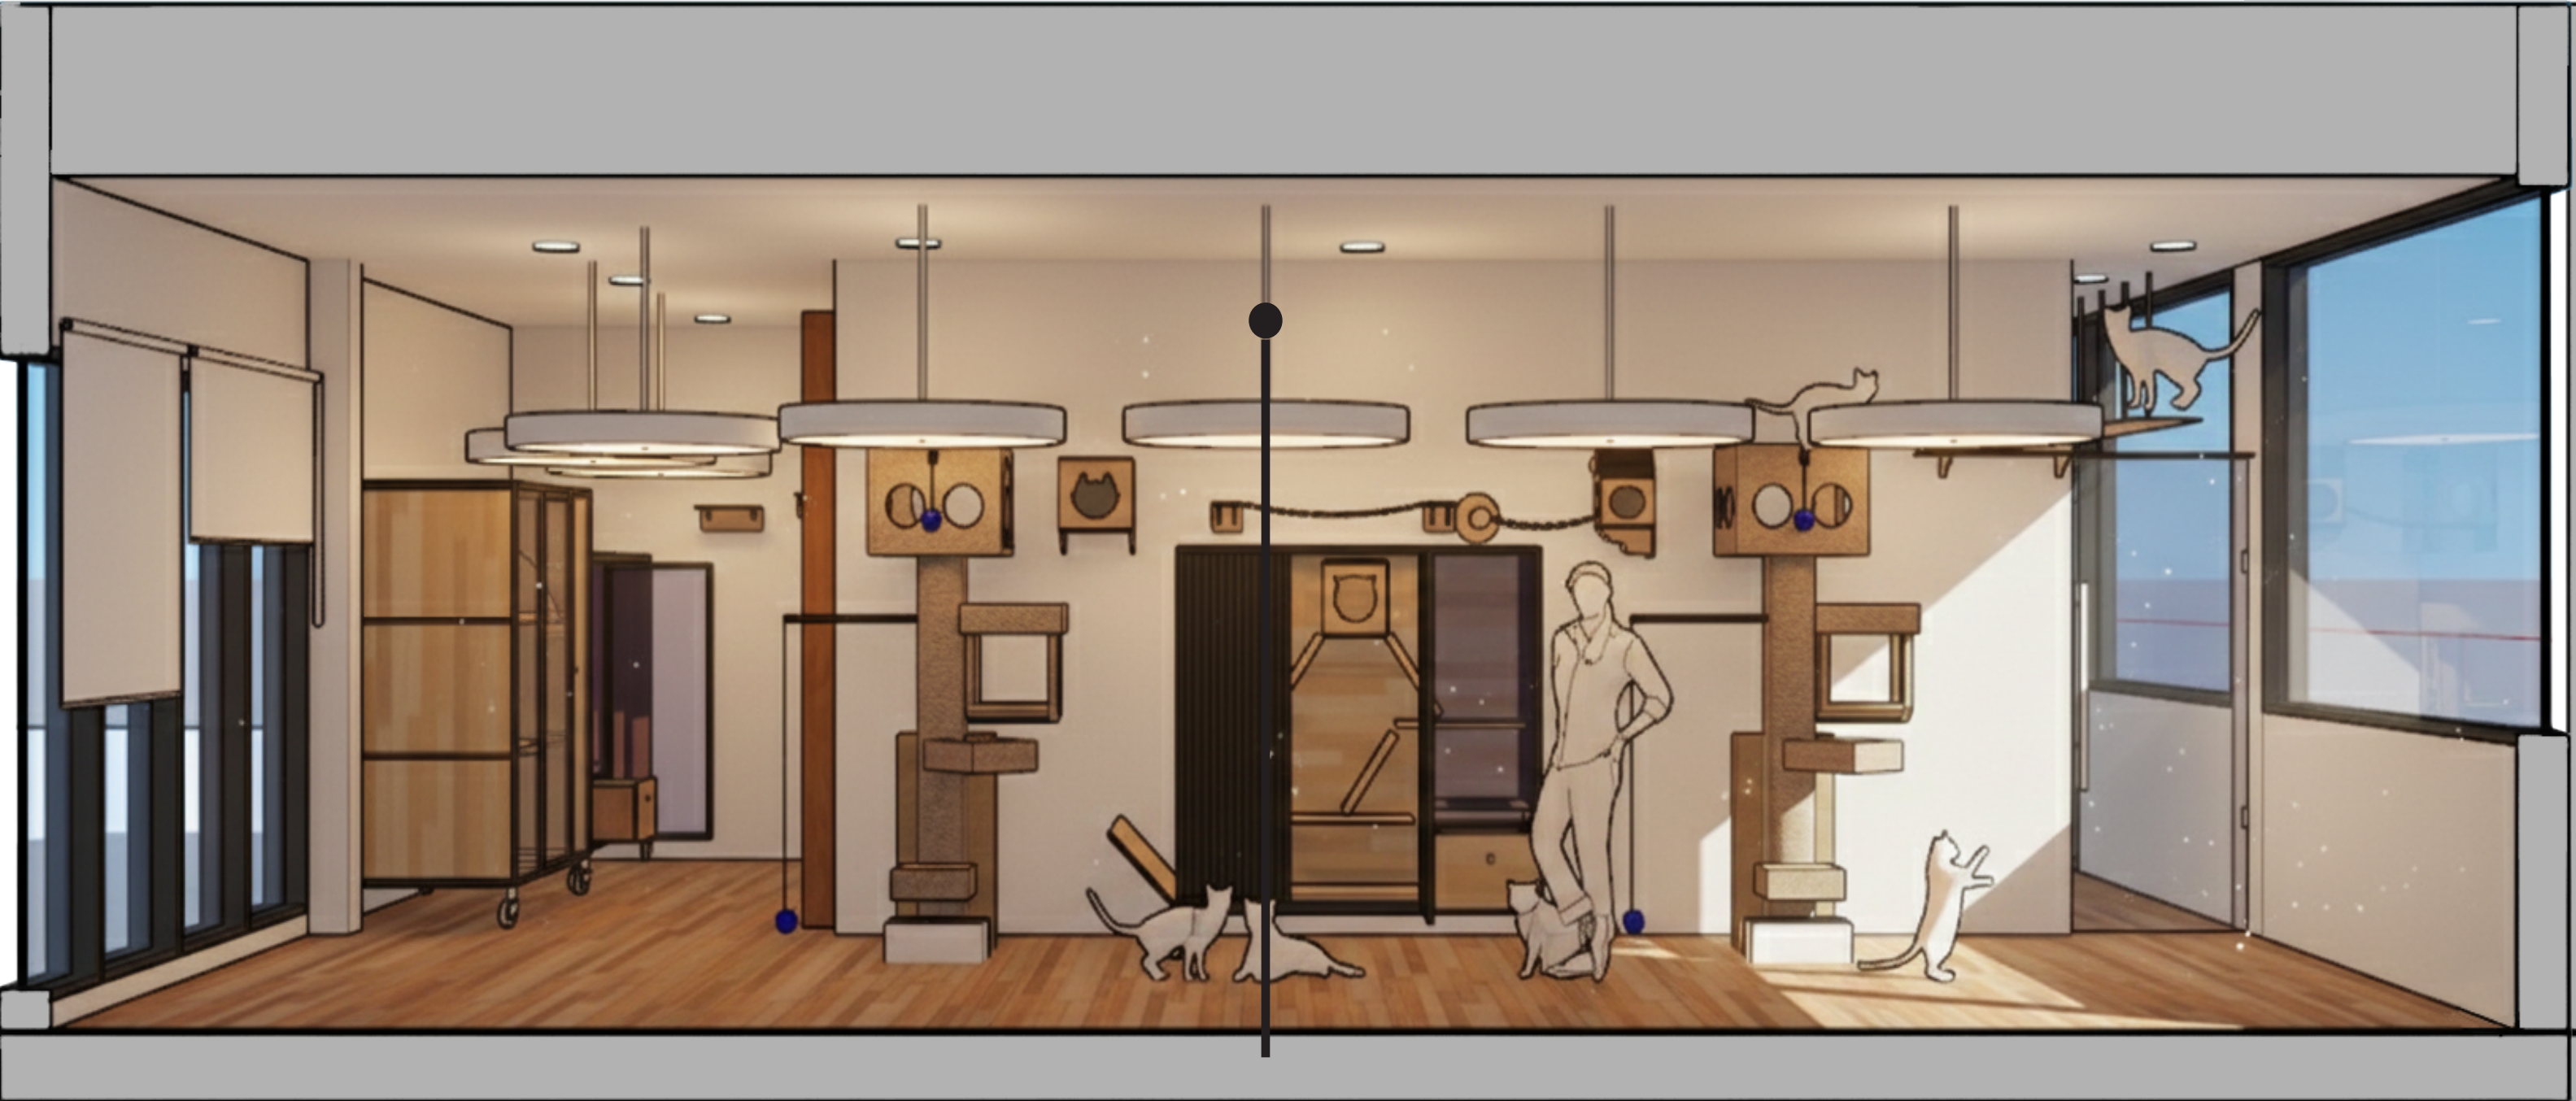

剖面C

The large wooden cabinet on the left serves as both a display shelf and a cat platform, while the gray wall in the middle contrasts with the cat play area behind it. The overall color scheme, dominated by gray, white, and wood tones, showcases a sleek yet warm and sophisticated modern style.

左側大型木質方格櫃體兼具展示與貓咪跳台功能，中間的灰色牆面與後方的貓咪活動區形成虛實對比。整體色調以灰、白、木色為主，展現出俐落且不失溫度的高質感現代風格。

剖面D

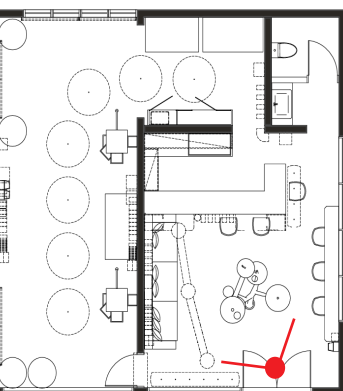

貓平台與吊燈的結合

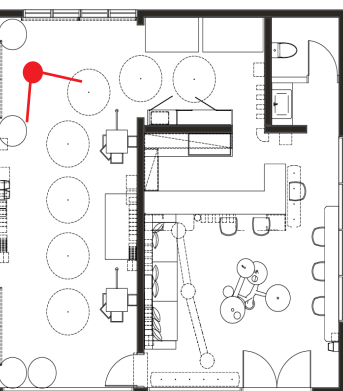

貓咪旅館：全木工訂製，內部使用全熱交換器，使貓屋裡外對流空氣。

透視圖Perspective view

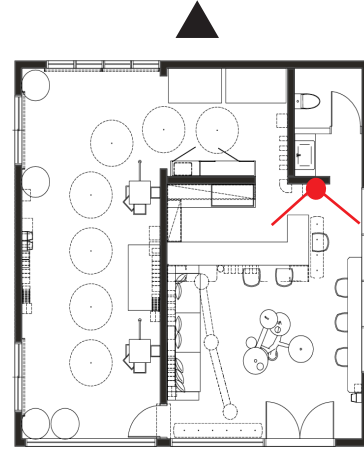

透視A

這張渲染圖從生活視角切入，深色沙發提供飼主舒適的久坐空間。最具特色的是與吧檯結合的仿生樹幹設計，不僅是貓咪的攀爬架，更像是一件室內藝術品。暖色調的燈光從貓屋縫隙流出，增添了層次感與家一般的歸屬感。

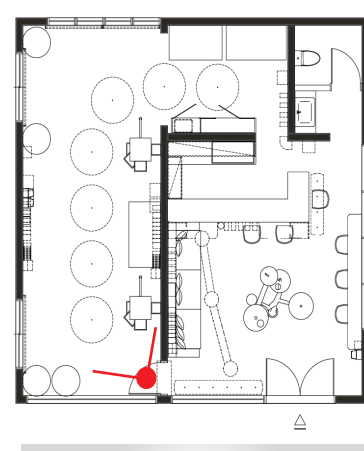

透視C

從垂吊的藍色玩偶球到多功能的移動式貓籠，細節處充滿驚喜。天花板上連續排布的圓盤燈具不僅提供照明，更在視覺上引導動線，使整個貓咪友善空間看起來既專業又富有設計感。

透視B

牆面上錯落有致的貓跳台與空中隧道，完美滿足了貓咪喜愛攀爬的天性。柔和的陽光透過大片窗戶灑在木質地板上，搭配簡約的圓形吊燈，營造出溫馨且通透的貓咪樂園氛圍。

透視D

牆面透過整片的落地大窗，戶外綠意與室內木質色調交相輝映。吧檯區的規劃讓使用者能與貓咪一同俯瞰窗外美景，空中走道與樹狀結構的串連，讓貓咪能在高處自由穿梭於不同的採光區。
